

SAAMYUKKTH SURESH

Forward Deployed Engineer | Enterprise GenAI Solutions & Delivery

Chennai, Tamil Nadu, India | +91 93424 83010 | saamyukkth.s@gmail.com
linkedin.com/in/saamyukkth-s-787119222 | github.com/saamyukkth26

PROFESSIONAL SUMMARY

Engineer who takes enterprise GenAI products from business requirements to production. At Prodapt, built AI hiring, skill-intelligence, assessment, and HR analytics platforms for HR and talent stakeholders, translating real workflows into LLM, voice, and search solutions. Works across the stack (Python/FastAPI, React, Azure OpenAI, Azure AI Speech) and explains model behavior clearly to non-technical users.

TECHNICAL SKILLS

GenAI Solutions: Azure OpenAI (GPT-5 mini, embeddings), Claude API, RAG, agentic workflows (LangGraph, CrewAI), Model Context Protocol (MCP), Claude Code, prompt and context engineering, LLM evaluation

Voice & ML: Azure AI Speech (neural TTS, speech-to-text, SSML), semantic search, Scikit-learn, SHAP (Explainable AI)

Engineering: Python, FastAPI, WebSockets, REST APIs, microservices, React, TypeScript, SQL

Data & Cloud: Milvus, MySQL, Redis, Neo4j, Microsoft Azure, Docker, CI/CD, Git/GitHub

Delivery: Requirements gathering, solution design, stakeholder communication, product demos, rapid prototyping, Agile/Scrum, Jira

PROFESSIONAL EXPERIENCE

Software Development Engineer, Prodapt, Jul 2025 – Present

Chennai, Tamil Nadu

- Delivered an end-to-end **AI Interview Platform** for talent-acquisition workflows, translating the hiring process into AI-driven steps: LLM-generated job descriptions, candidate-to-JD matching on skills and work experience (embeddings + Milvus), and auto-generated, role-specific interview plans.
- Built the **live voice AI interviewer** on Azure AI Speech (neural TTS with configurable voices via SSML, speech-to-text) and GPT-5 mini, which analyzes each answer against earlier responses in real time to adapt questioning and give recruiters per-question insight.
- Built **SKILLOS**, a skill-intelligence platform (Azure OpenAI embeddings + Milvus) giving HR teams semantic skill search and competency-gap analytics across 1,000+ employee profiles.
- Delivered a GenAI assessment engine (FastAPI, MySQL) that generates questions dynamically and scores answers automatically, reducing manual assessment effort by ~60%.
- Built attrition prediction models (Scikit-learn, SHAP; ROC-AUC 0.65) and exposed feature-level explanations to HR stakeholders, turning model output into reasons business users could act on.

Software Development Engineer Intern, Prodapt, Jan 2025 – Jul 2025

Chennai, Tamil Nadu

- Shipped a production RAG assistant (LangChain, LangGraph, Azure OpenAI, Milvus) enabling contextual Q&A over internal documents with memory-persistent multi-turn conversations.
- Automated news aggregation and summarization with CrewAI multi-agent workflows, cutting manual content-processing time by ~70%.

PROJECTS

Lumora: AI-Powered Personal Knowledge Management System - Python, FastAPI, LangGraph, MCP, React, Neo4j

github.com/saamyukkth26/Lumora | Live: lumora-rust-three.vercel.app

- Took a knowledge-management product from idea to live deployment: hybrid RAG search (BM25 + dense retrieval with re-ranking) over PDFs, notes, and web content, with real-time streaming chat.
- Connected LangGraph research agents to 4 MCP tool servers (filesystem, web search, arXiv, Wikipedia) with a self-correcting critique-and-refine loop for autonomous research.
- Added a Neo4j knowledge graph with interactive React Flow visualization; containerized with Docker and deployed publicly on Vercel and Render.

EDUCATION

B.Tech, Computer Science (Specialization in Artificial Intelligence & Machine Learning), 2021 – 2025

Vellore Institute of Technology (VIT), Chennai | CGPA: 8.65 / 10

CERTIFICATIONS

- Claude Certified Developer – Foundations**, Anthropic: Claude API, Claude Code, agent development, MCP, tool use.
- Claude Certified Architect – Foundations**, Anthropic: agentic architecture, multi-agent orchestration, tool integration.
- LLM Engineering: Master AI, LLMs and Agents (Udemy) | LangChain & LangGraph LLM Applications (Udemy)
